

OWED MONEY

QUESTION

I am a owed money from a company that has gone into Liquidation what can I do

ANSWER

The Liquidator should have sent you notice of the creditors meeting along with a Proof of Debt and Proxy Form for completion and return

Do you have Retention of Title ("ROT") on your goods (if Yes)

- The Liquidator should have advised you to either refer to a website to obtain the ROT questionnaire or request one in writing
- This needs to be completed and submitted to the Liquidator with evidence of the goods that you are claiming under ROT
- You then need to arrange to collect your goods.

I suggest you contact the Insolvency Practitioner immediately
